Please find our environmental report for below.

We are committed to recycling or reusing as much waste as possible on all jobs we complete. We have a storage facility at 2B Somerleigh Road, Laverton North where we store salvaged items. We aim to salvage or recycle more than 70% of waste from strip outs.

If you have any questions about our environmental plan please call Bianca Donnelly on 03 9077 2508 or email bianca@cleanandgone.com.au

Regards,

Daniel Mitchell
Director

Clean and Gone Pty Ltd was founded by Daniel Mitchell and Bianca Donnelly out of a strong commitment to reusing and recycling recovered materials from demolitions.

Our goal is to provide a sustainable, environmentally responsible option to builders and shop fitters and to play a part in the overall sustainability of the planet.

Clean and Gone have been winners for several business awards in the environmental category including the VECCI Sustainability Awards and NAWIC Awards.
